Associates

Any Associate (usually, but not necessarily a parent) who accompanies a Student is responsible for the actions of his or her Student while on the Course. All Associates must have held a full UK driving licence for at least three years and be over the age of 21.

Students

Students must normally be aged 15 or 16 to enrol and may be requested to provide evidence of date of birth. Exceptions may be made by prior arrangement with Pathfinder Management.

Vehicles

Any vehicle used by a Student on the Course must be fully road legal. It must be roadworthy, and have a current MOT Certificate, if applicable.

Associates may be asked to present registration documentation and MOT certificates at the beginning of the Course.

The vehicle must be legally capable of carrying 3 adult people.

Please note manual cars are preferred, but you may use an automatic or electric vehicle if that is all that is available to you. If you intend to use an automatic or electric vehicle please advise Pathfinder Management prior to commencing the Course

Vans, 2+2s or other special vehicles are not normally allowed but please contact Pathfinder Management to discuss, if necessary.

Please consider the performance of the vehicle and ensure that it is compatible with the ability and experience of the Student.

Please ensure the vehicle is reasonably quiet and does not have an excessively loud exhaust. Any vehicle can be made to sound loud through tyre squeal and over-revving, which must be avoided. Pathfinder Management do not want to risk losing the use of a venue due to noise complaints.

Any Pathfinder Official has the right to refuse participation if a vehicle is deemed unsuitable or unsafe, and their decision will be final.

Insurance

As Students are not normally legally permitted to drive under the age of 17 it is not possible to insure them.

The Course takes place at Participants' own risk.

NO insurance cover is provided for any vehicle or vehicles belonging to any Pathfinder Student, or Associate, Car Club Member or Associate, Marshal, Instructor, Supporter, Contractor, Sub-Contractor or other third party when participating in any Pathfinder or Club activity or event. Should any such person feel insurance is necessary they are responsible for arranging cover to meet their own specific requirements.

Briefings:

There are Course briefings before the commencement of both morning and afternoon driving sessions. All Participants must attend all the briefings. If you miss a briefing, please see a Pathfinder Official before commencing driving.

Solo Driving:

Students are not permitted to drive unless accompanied by an Associate or a Pathfinder Instructor or Official.

Responsibilities of Associates

Driving:

Associates are not permitted to drive at any meeting unless specifically instructed to do so by a Pathfinder Official or Pathfinder Instructor, or on entering or leaving the venue, and then only between the public area to the designated Pathfinder parking area.

Control of the vehicle:

The Associate is responsible for the control of the vehicle at all times during the Course and must be in a position to take control of the vehicle in an emergency. This may involve applying the handbrake, steering the vehicle or knocking it out of gear.

The Associate must never leave the vehicle while the engine is running and the Student is in the car. If a cone is knocked down, the Student must stop the vehicle in a safe place, apply the handbrake, switch off the engine and get out to replace the cone.

Associates must:

Ensure that the Student is driving the vehicle within the limits of their ability.

Ensure that the Student is obeying paragraph 105 of the Highway Code, which states:

“Drive at a speed that will allow you to stop well within the distance you can see to be clear.”

Make sure that your vehicle has an adequate gap between it and the vehicle in front. The minimum gap should be 2 seconds and applies to experienced drivers. This distance doubles in wet conditions. For inexperienced drivers, the distance should be even greater.

Ensure that your Member knows the minimum stopping distances at speeds up to 60 mph, and understands how far that really is.

Observation:

Ensure that YOU concentrate on what is happening at all times. You must make the same observations as if you were driving the car.

Associates **MUST NOT**:

Use mobile phones (see above)

Read books or newspapers

Fall asleep.

The Associate is responsible for the safety of the Student, any passengers and other users of the venue while in the car.

Speed limits:

Speed limits are announced at the pre-session briefings. They are a limit and not a target. The Associate is responsible for ensuring that the Student observes the speed limits in force.

Parking:

At all venues, vehicles must be reversed into position except when Participants are specifically instructed otherwise by a Pathfinder Official.
